Farmers to Families Program has been so very successful and Wings As Eagles Ministries and its partners and donors have been honored to have this opportunity. We thank Jesus, World Vision, the team on the ground at each reservation hub, the distributors who have been awesome to work with, the truck drivers and so many more that made this happen. We are continuing on the last two shipments of Phase 3, and waiting for word on Phase 4 starting in November. Pray we will be offered Phase 4! Thank you!
