## Heart Notes

by Lori

These past few months at the Dream Center has been one of pure hard work, and joy, beyond what I could have ever dreamed. This past week we have fed, loved, and taught the Word of God to 88-105 children a day. This month I heard 105 children in the sanctuary singing and shouting out to Jesus. Thankful and so grateful the Lord would allow me a glimpse of this in my life time. After 21 years, this year, in Indian Country, to hear these children, words can not express my emotions. It has been long, hard, excruciating at times and the persecution unbearable, but we endured only through the Lord's strength and not that of our own. To witness these kids praying for their families and really seeking Jesus like never before is a sign of what is coming and also how we must build relationships for the Kingdom of God. Only the Holy Spirit can bring forth the fruit of our labors. These children in the pictures praying I have watched grow from babies. What it does to see this I can't even begin to tell you! Thank you God that our time is now. Love you all~ Lori

Bringing Love and Hope

## ***A message from Brian....***

My name is Brian Dodge and I am the new program Director at the Dream Center here on the Pine Ridge Indian Reservation. I am also a Lakota Language teacher at Little Wound School. I teach K-5 Elementary students.

The biggest challenge is giving the children an identity. Many have also lost the true meaning of education they do not see education as a tool to better their lives and as a means to change themselves and society.

The best thing for these kids is to show them that we care because many have been let down and forgotten by so many. With the proper tools these children will be the ones to break the cycles of dependence, violence, poverty, and addictions.

Please support our efforts to benefit these children's lives for the greater good of the Lakota people.

Thanks for helping our children in all your offerings to keep the Dream Center operating.

Brian
