HEART NOTES

Winter really set in this year. Temperatures below zero for months, wind, snow and all the other elements in the desolation of the Badlands have tested not only our endurance and long suffering but faith.

Many days over the years, in the cold bitter days of winter I have asked the Lord "why am I here again. Lord?" The Lord is not surprised by my words, oh no!

He has heard them many times in the past. One thing I learned is my faith is tested daily, not just once in a while when I am miserable! Faith touches heaven and it touches your life in a very profound way. With faith we know we can put on that extra layer of clothes to stay warm and journey on because in faith it doesn't hurt so much...(just a little..) Haha!

My life is His or I have no business believing in Him. If not, then it all becomes a charade, when we live for ourselves but speak His mighty name.

Does it mean I don't sometimes get into that "feel sorry for me" mode? Yes and YES! I do! See me God, see me cold, tired! I have used too many outhouses and bushes out here in the cold and wind, Lord!

Faith tells us we can do it, we can and will because we have no other options. We believe and that is what we do, we go, we do, we take the elements, we trudge through holding on to all the Promises of the Lord to saturate us in Hope. May your faith challenge you, strengthen you, get you moving to remove those mountains in your life. He promised you could do it if your life is HIS. ~~Love you all so much.....Lori

Behold will do a new thing; now it shall spring forth; shall ye not know it? I will even make a way in the wilderness, and rivers in the desert. The beasts of the fields shall honor me, the dragons and the owl; because I give waters in the wilderness, and rivers in the desert, to give drink to my people, my chosen.

Isaiah 43 v19-20

Over the years these children kept the fire alive in our souls because they are also the Heart of God..... long forgotten by society, thrown away deep in our culture. May the light shine in all their lives again.
