

VOICE IN THE WILDERNESS

A different kind of summer, with lots of challenges but God is so good and many children were blessed with hugs and goodies!

BBQ's in the communities was part of our summer fun for the children! Lot's of smiles!

Feed the Children donated duffle bags that we filled goodies for the children this summer. We gave over 1,000 activity packets!

Taking Jesus into the streets this summer.

We hope you have had an opportunity to visit our new website which launched this summer! The summer teams helped repair all the storm damage and more. Visiting families, feeding the children, Bible teaching, worship gatherings and shipments arriving each week to three reservations! All in all we had a good summer with still the constant restrictions on the reservations.

We thank all of you for staying the course and loving on us, giving and be there during these challenging times which seem there is no end! We pray daily for all of you and hope that the times in which we live will bring us closer to Jesus more and more each day. Hang on to the Hope that we win and the day will be upon us soon when the Lord will say:

'Well done, good and faithful servant; you were faithful over a few things, I will make you ruler over many things. Enter into the joy of your Lord.'

God Bless you and keep His light shining upon you!

Love Gary and Lori

We appreciate you!
Thank you, teams for serving with us! And to the best staff and interns this summer, we could not have done it without you! Thank you all for your hard work through the heat, smoke, and storms! Love you!

CAFETERIA UPDATE: The struggle is real to be able to get the teams and help needed to break ground this summer on the cafeteria. We have rescheduled ground breaking for 2022. We have encountered a huge change in lumber and metal building costs. Fundraising is on-going to see this vital need completed! We continue to seek skilled laborers willing to serve.. We will keep our eyes on Jesus and continue to seek the funding for Phase 2, as we hope the prices will decrease for Phase 1, the foundation and the metal building. Costs have skyrocketed for building materials! (Increased by \$9,342.00, on the same metal building kit).
CONSTRUCTION TEAMS NEEDED THIS FALL! To help complete some projects as well as painting and installing flooring and tile.

May the Lord keep you all healthy and in joy. We pray for each of you daily. We serve a big God who knew from the beginning the challenges we all would encounter! Love you!
