

VOICE IN THE WILDERNESS

NOVEMBER/DECEMBER 2021

**HAPPY NEW
YEAR!!! 2022!**

**PICTURES
OF GIVING
TELL THE
STORY.**

The children in the community of Kyle. Loving all the new jackets and gifts. Sweet families lining up in the cold...Christmas blessings...

Christmas at the Dream Center turned into something different this year! It was so amazing to see the Lord give direction... amid snow, wind, cold and many challenges it didn't stop us. Due to Tribal restrictions, the plan was to do another drive by with light displays and so many fun things. The snowstorm for days had other ideas! After the storm settled, we got busy, with Lakota volunteers, trucks and trailers taking Christmas to the streets! It was awesome! Jesus had a plan!!

The cool part about all of this was many who did not have cars or transportation to the Dream Center was able to receive lots of love, food and gifts.

Gift giving in Wounded Knee, the children were so thankful and loved, loved the gifts!

Loved how all the Lakota gathered around the ministry and helped distribute so much love with food, gifts and warm jackets for the children! God is so good!

The ministry took the baked goods that you all made to the nursing home in Pine Ridge.

It was so amazing, as they were excited and grateful to have something special to eat for Christmas. Everyone, even the workers were so happy!

A Story of Hope... We also gave baked goods to the elders. We came across the sweetest gentleman who was shocked that not only we came by to visit him but bring him Christmas cookies! It was the only gift he had received. He thanked Jesus for not forgetting him. It was heartbreaking, but also the sweetest moment. Thank you all so much for your giving. We pray you will continue through the New Year. Thank you for the smiles.
