The work of the Apostles

In Christ Jesus we are called into the work of the Apostle. Romans 1:5 A measure of Grace has been given to each of us. Grace defined as God's power and ability leaves us without excuse to further the work of the Lord. He delights in His Holy Name and His truth being spread over the earth and magnified as the one true God. Our witness is proven by also spreading the love of Jesus as He has shown us on the cross. This love is shown through our faith which produces the works that are seen and unseen. Leading others to Christ through our Apostleship representing Christ on the earth.

Love you all ~ Gary
