

VOICE IN THE WILDERNESS

April 2023

COME AND SERVE
THIS SUMMER!!!
OUTREACH,
MEALS TO FEED
THE CHILDREN
AND SO MUCH
MORE!

God is so good!

We can now purchase a new stove and fridge for the kitchen!!

Thank you to the sweet, sweet partners that made this possible!

We also received some supplies from our partners that will help so much. We did have some extra to purchase a new air conditioner for the bunkhouse and kitchen! Love you!

Letters to the ministry:

This mission trip was just beautiful. I saw God's beauty in everything. Planting seeds or even watering brought me so much joy. I am thankful to God for giving me the opportunity, for being my counselor, encourager, and strength. I will keep praying for this place and interceding for the kids, teenagers, teams, and leaders. In addition, for God's protection and to send laborers because the harvest is plentiful, but the laborers are few. ~~Rimma

SUCH A PRETTY
LITTLE GIRL,
LOVING THE DREAM
CENTER AND HER
NEW DOLL!

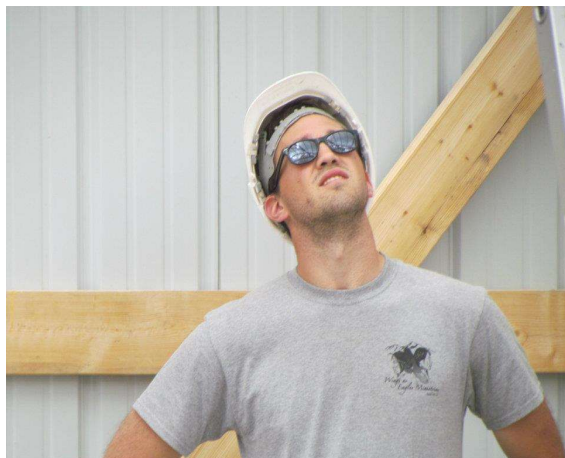

PRAYER REQUESTS!

Pray for the children this summer for their safety and little minds to be open to the love, hugs and the reminders of Jesus and His love for them. Many children look for that special love that only Jesus can give. We hope and pray with you that they will see that love in us. ~~~~God is with you.

Our story continues: We traveled two hours.... to walk inside the electric company, knowing we had no money for this, but we had the Lord on our side. The receptionist greeted us as we explained our visit. She said wow! Congratulations on the ministry purchase. She continued to tell us she was a Christian and hoped the big guy at the electric company would help us. She proceeded to go and bring him to speak to us. Well...this is not going well....we told him our story and how the tribe was donating the water and the miracle of obtaining the property for a ministry center to help the children. He didn't seem impressed and told us it was \$8,000.00 to bring the power across the road from up on the hill, where there was a home. He also said it was so much a pole and we would need 7 poles. It all came out to over \$12,000.00. We were sunk, looks like we had to come up with another alternative. The receptionist was truly on our side. She looked over at us and mouthed, "*I am praying.*" I, Lori looked over at the man and said, "we don't have that kind of money and we need this power, or we can't go forward without it." I could see from the corner of my eye the receptionist had her head bowed and so did Gary and they were praying. I looked the man in the eye and said, "the Lord will help us," and turned to leave. As Gary and I were opening the door to leave the man yelled out...Hey ya there! Hold on a minute! We turned to look at him, he still didn't smile but said, "Ok, Ok, I will do it, and I don't know why I am doing this or helping you!" "We will get the power over to you at no cost and run it underground so you won't have any poles.".....WHAT!!! Yes, I can remember this like it was yesterday, God did it again. We said, "thank you," and calmly turned back around to leave but not before we saw the receptionist wink.~~Lori

The Dream
Center on Pine
Ridge doing
the work of
the LORD.

That time of year! Seeking Teams for our 2023 Spring and Summer months. Construction teams and outreach teams. If you are interested in serving, this is a great opportunity!

Please help, if you or anyone you know can assist in plumbing, framing, electrical, insulation and metal building structure keep us in mind. We appreciate you!

**Thank you! Email us for more info:
