

VOICE IN THE WILDERNESS

MAY 2023

GET READY SUMMERTIME IS HERE!

FREE Summertime BBQ's in the communities, kids events, outdoor construction projects and outdoor worship, with teaching, testimonies and so much love!

April and May brought smiles, and a lot of hugs. We worked to teach of Jesus to the people, and bring much needed relief through shipments of furniture, kitchen supplies, food, water and so much more to help those in need. Thank you to World Vision for your long-term partnership to give fresh foods, and life essentials to Indian Country. We continue our work on the Wind River Reservation and Rosebud Reservation as well as Pine Ridge Reservation.

Cafeteria fundraising

The cafeteria fundraising is currently ongoing to reach the goal of \$122,000.00. We are not there yet as we have currently raised \$25,450.00 as of April 2023. It's amazing how the Lord has provided for the ministry over the years, nothing short of a miracle and the miracles keep coming. We know we will make the goal in His time and the project will move forward. The metal buildings have gone up in price and continue to rise. Pray for materials, funding and experienced builders, plumber, electrician and excavator. Let's get it done! Thank you all so much for giving! We love you.

HEART NOTES... As I daily put one foot

in front of the other, never being on balanced footing, I know He is with me.

It has been almost 30 years living in Indian Country. It's amazing really that

I let myself be held captive to just be used and abused. I am basically, human in nature, a selfish person, and want to live life carefree and without judgement or the feeling of confinement, of course

like all of us. But for the sake of the Gospel there was no choice. I had been chosen, not by my will, but His. In that respect 30 years is not even a blink of the eye. It is only the beginning of eternity. ~~~Love you, Lori
