

VOICE IN THE WILDERNESS

July 2024

**DREAM CENTER
BRINGS THE SMILES!**

The Lord's beauty in this Lakota child is awe inspiring. The smile, the sweet spirit, tells us a story of how a beautiful blossom can grow in the desert.

**WHAT A JOY IT IS
TO SEE A NEW
GENERATION!**

The Lord's Spirit is
among the
children. A new
generation
learning about His
Love and
goodness!

God Bless you!

Dear Friends,

We send you greetings and much love from the reservation. Thank you for always being there in prayer and with your financial giving, in good times and challenging ones!

The ministry has achieved a successful summer season! Many of you helped with our meals for the children's program, **we prepared over 5200 meals!** Not counting feeding the communities in our summer BBQ's. Six communities, one each week, sometimes two each week from June- August. Thank you so much to those who gave generously to enable the ministry to be such a blessing to all the families! **We fed hundreds at each BBQ!**

The ministry humbly asks for your fervent prayers and a some extra help for capital. We are beginning a capital campaign, to enable the ministry to pay the bills, which like all of us, seem to have increased monthly. The buildings need upkeep and continued maintance, utilities, vehicles, mowers, landscaping equipment, bus, food outreach, materials, fuel, and the list goes on....

Over the years we have and do trust in the Lord for all things. There is nothing He can't do through His people "Ask and you shall receive." We went to Him in prayer to receive the abundance we know He has for all of us, to continue His work. It is a very tough economy, but we live in God's economy and we know we will get through all of it, so no worries if you cannot help at this time. We truly get it! But for those who can, any small amount makes for big blessings!

Thank you for listening. God is good!

Love you,

Gary and Lori
