

Voice in the Wilderness

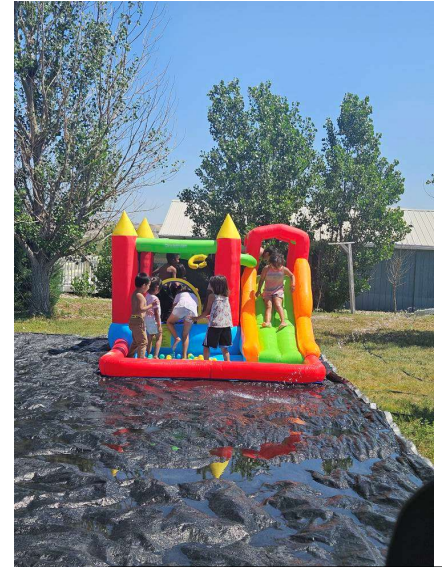

SEPTEMBER/OCTOBER 2025

Love the kids and all the wonderful adventures!

The ministry is still providing shipments through our World Vision Partnership to four reservations! May the Lord bless you for being a giver!! Remember us with your year-end giving!

Praying each day for you, love you all!!

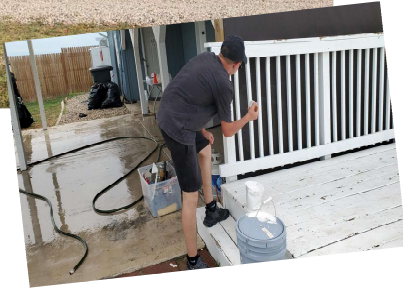

Heart Notes

As I continue this year long health challenge, I hold on to the promise of Psalms 30:5 "Weeping may tarry for the night, but joy comes with the morning." I won't say this hasn't been the most difficult period, because it has, but I give all Praise to my Savior that I am alive. The Lord saved me. This verse provides hope by promising that hardship will not last forever. It encourages perseverance in faith and trust during dark times, knowing that a brighter future is coming. It may be different and not of a "normal" category, but strength will return as I embrace the love and life, He has given me. ~Lori

**30 Years in
Indian
Country in
November!**

November will mark our 30th anniversary walking this walk and doing His will on the reservations. Thank you, many of you for going with us! What a journey it has been, sorrow, joy, tears, laughter, despair and hope! We pray our hands have brought His Salvation to so many as well as His joy. We will write more of our experiences in the next few months!

Summer was amazing with all the help!

Thankful for the many people that came and blessed the ministry this summer. We love you and thank you for all your outreach and labor!

Please take note of our new phone number! (605) 877-4391

Christmas!!

This Christmas will look different but just as effective! The ministry will be asking for Walmart or Target cards only for children's Christmas gifts.

Due to the ongoing health challenges of no one being able to lift, as well as Gary facing another surgery in November and I on my recovery journey, we ask for you to send them to **Wings As Eagles PO Box 207, Caputa, SD 57725.**

The ministry will be helping children on a few different reservations this Christmas season, as well as Pine Ridge.

God Bless you! Lori
